Software: SW: R7AC001

The devices listed have exceeded the minimum standards for compatibility as of the date of testing. This compatibility list is not a warranty for phone performance or functionality. This list is updated frequently. The selection of cell phones tested are determined by their popularity in the marketplace at the time of testing. Cell phones not listed but that support Bluetooth Handsfree Profile v1.5 and earlier should also function with the Volk-L system. Please refer to your cell phone user guide for more information on Bluetooth.
